8 Hours Accounting CPE – Practice Management

One of the most challenging courses ever taken, we jump right in to changing the out-moded and old fashioned billing practices many firms use. With letters, real-life experiences from having sold 3 self-built CPA firms and bought over 20 smaller firms and practical guidance honed from dozens of mistakes we show you how to grow and operate a small firm efficiently and profitably while dealing with clients and employees. For 2018, this class includes the rarely available “Exit Strategies” course about how to buy, sell, and merge a firm and add a partner.
